

CAMERA BAG 'TIP CARDS'

SONY 6000

INSTRUCTIONS AND TIPS ON HOW TO USE YOUR TIP CARDS

These 'tip' cards are a convenient way for you to carry sections of the Sony α6000 ebook with you.

The design and layout of the cards has been deliberately chosen so you can print, cut, laminate, and hole punch cards to slip on a carabineer or ring.

Instructions for assembly.

- Cards are laid out four to a page. There are two .pdf files – one in US Letter format, the other in A4 format. Choose which is appropriate for your location and printer.
- You might notice page numbering is not sequential. This is to allow for double-sided printing, and correct numbering of the finished product.
- Print on heavy paper to avoid image bleed from rear.
- Print in high quality color where possible to maximize the use of coloured images as icons to help jog your memory.
- Cut along lines and trim edges for consistent sizing.
- Space is available in the top left for hole-punching.

Punch on this symbol: ⊕

For more detailed explanations of the material covered in the cards, dip back into the appropriate section of the ebook.

There are two sets of 'tip cards' included in this pack:

1. Cookbook for special shooting situations
2. Gary's personal camera settings
